Patty angry with **KRO** - news posted on June 26th 2008

The **SBS 6 Shownieuws** diva is angry with **KRO** TV channel after the broadcast of **Profiel**, a documentary about her life (see news posted on June 24th). **Patty** expressed yesterday her feelings on **Ruud de Wild's** morning radio show on **Q Music**. She explained that she couldn't stand the fact that such a TV programme had been financed by tax money (**KRO** is indeed a publicly funded broadcaster). She didn't know that this portrait was prepared until people of her entourage were asked to take part in it. She was also approached by the TV team but couldn't be interviewed. She wasn't allowed to have input into the project.
