Patty @ De Nieuwe Uri Geller

La **Brard** was once again invited to "**De Nieuwe Uri Geller**" show on **SBS 6** on Saturday February 16th. The most amazing and funny act with **Patty's** participation was **Hayashi's** one. Moreover, **Uri Geller** performed the act that made him world famous: spoon bending. Though the TV show was very entertaining, there was a decline in the ratings. 981 000 viewers watched the programme (that's to say more than 200 000 people less than the previous broadcast and half a million persons less than the most successful show two weeks ago). This

decrease is due to the ratings war with other shows (**Mooi Weer De Leeuw!** on Nederland 1 and **Idols** on RTL 4) and the fact that the surprise effect has disappeared.

If you have missed the show, you can watch it on the programme's official site:

Patty Brard : Incident on De Nieuwe Uri Geller

An incident happened Saturday evening during the act of **Hayashi** (a mentalist, candidate of "**De Nieuwe Uri Geller**"). **Patty Brard** was blindfolded and had to slice a cucumber with a samurai sword on **Hayashi's** bare chest. Instead of hitting her target, the diva almost injured the entertainer who, fortunately, didn't suffer. **Patty** was so shocked after the show that she has avoided presenting **Shownieuws** in order to rest a couple of days.

Patty Brard in Privé & Weekend

Patty Brard is happy with her family again.

First of all, she graces the cover of the latest issue of "Privé" (a celebrity gossip magazine) which carries the headline : "A revealing father and daughter's talk: What he never dares to tell **Patty**". The **SBS 6** presenter has gone through so many things with her father.

They've had a talk to overcome their past problems and misunderstanding. **Patty's** father found out that his daughter had posed nude for **Playboy** long after the erotic pictures had been published. He told **Patty** it would have been nice if she informed him about it. **De Telegraaf** has also reported this "**Playboy**" anecdote yesterday.

Moreover, another publication (**Weekend**) has recently shed light on her reconciliation with her daughter, **Priscilla**. There's been an extra article about this good news on **Weekend's** website. The weekly magazine has also showed **Patty's** wardrobe on the same website.
